

PICS FOR KIDS

3.15

Greetings to you my friends. How are you? I am very happy to write a friendly letter to you. How is Germany? I am glad about the Uganda help projects because it helps me like paying for my school fees, clothes, shoes and sweets that encourages me to have fun.

I have began my A' level studies at JOJMA and I am in Senior five. I am in a boarding section. In weekends I used to play netball, reading novels, and revising books and playing volleyball.

I thank you for the activities you have done for me, my school and to the entire community. Thank you very much for me pray to the almighty God reward you abundantly.

Let me tell you about the weather here in Uganda which we experience. We are in dry season and the sun is shining and we take a lot of bottled water to drink due to the scarcity of water. I hope you are fine.

From yours sincerely heart felt

LIDIA
